

Research Centre on Interactive Media Smart Systems and Emerging Technologies

The Research Centre on Interactive Media Smart Systems and Emerging Technologies has announced five (5) Research Team Leader positions (full time)

The Research Centre on Interactive Media, Smart Systems and Emerging Technologies (www.rise.org.cy) is a newly founded Research Centre of Excellence in Cyprus, located in Nicosia. The Centre has received significant funding through the European Union's Horizon 2020 Research and Innovation Programme H2020-WIDESPREAD-01-2016-2017 (Teaming Phase 2) RISE Teaming Project under Grant Agreement No. 739578, as well as from the Cypriot Government, local and international partners and other sponsors. It is a joint venture between the Municipality of Nicosia (coordinator), Max Planck Institute for Informatics (Germany), University College London (UK), University of Cyprus, Cyprus University of Technology, and Open University of Cyprus.

The Centre of Excellence is looking for inspired, pioneering and driven experienced researchers that, along with their team, will actively contribute to the Centre's evolution, achieving its strategic priorities and Vision.
