

## **Nikolas Nikolaou**

Nikolas Nikolaou graduated from the Cyprus University of Technology with a BSc in Environmental Science and Technology in 2018. In 2022, he gained his Master of Business Administration (MBA) title from the University of Cyprus. Additionally, he is a certified Auditor/Lead Auditor on Health and Safety (OSHAS 18001:2007) and Environmental Management Systems (ISO 14001:2004).

He started his career in the Giannakis Papadouris Foundation as an Environmental Consultant in 2018. Subsequently, he continued his career in the Office of the Commissioner for the Development of Mountain Communities as an Environmental Consultant in 2019.

In the context of his duties, he has participated in the study team for the elaboration of the National Strategic Plan for the Development of Mountain Communities (Cyprus), focusing on matters concerning the Environment, Water Resources, Solid and Liquid Waste Management and Energy fields. Upon completion of the Strategic Plan, his main responsibility was to implement and evaluate all the actions decided by the study team related to the above topics.

He joined OEB in January 2023, as Officer of Energy & Environment Department.
