

Amalia Papaioannou

Amalia Papaioannou graduated from the Pancyprian Gymnasium of Nicosia in 1999. In 2000, she commenced her studies at the Department of Environmental Engineering, of the Democritus University of Thrace, where she graduated in 2006. In 2020, she successfully completed her master's degree in Occupational Safety and Health from the European University of Cyprus.

Since 2010 she is approved as an EXYPP (External Protection and Prevention Services), a professional qualification granted by the Chief Inspector of the Labor Inspection Department, meanwhile since 2018 she is an approved Vocational Training Instructor by the Human Resource

Development Authority of Cyprus (HRDA).

With over 15 years of professional experience, Amalia is providing consulting and vocational training services to a wide range of business sectors such as ceramic factories, quarries, construction companies, waste treatment plants, offices, clinics, food industries, metal construction industries and other industrial units. The consulting services provided are focused in the fields of Occupational Safety and Health, Environmental Impact Assessment, Quality Management System according to ISO 9001, Environmental Management Systems according to EMAS and ISO 14001, Safety and Health Management System according to OSHAS 18001 and following ISO 45001, as well as the CE Marking Quality Standards for ceramic products and aggregates. Furthermore, she formerly worked as a Lead Auditor for the above standards.

In February 2023, she was employed by the Cyprus Employers and Industrialists Federation (OEB) as an Officer in the Human Resources Department, primarily providing consulting services and vocational training services in the fields of Occupational Safety & Health and Environmental Management.
