

Curriculum Vitae
MARIOS PAPAGEORGIU

Marios Papageorgiou graduated from the Cyprus University of Technology (CUT) with a degree in Geotechnical Sciences and Environmental Management (Department of Environmental Science and Technology) in 2016. He was admitted to the Master's program in Environmental Biosciences and Technology, specializing in bio-geochemical processes, Marine Microbiology-Biotechnology, and Toxicology. He then continued and completed his studies in a Ph.D. program with the dissertation titled "Spectroscopic

characterization of the microorganisms *Sagittula stellata*, *Roseobacter litoralis*, *Roseobacter denitrificans*, and *Chaetoceros ceratosporus*."

He was hired as an Officer at the Cyprus Employers and Industrialists Federation (OEB) in October 2020, a position he holds to this day. He holds a certification in Environmental Management System Auditing (ISO 14001) and is responsible for the implementation of the Eco-Management and Audit Scheme (EMAS) at OEB.
