

**Curriculum Vitae**  
**PANAYIOTIS KASTANIAS**

Panayiotis Kastanias is a Mechanical Engineer, graduated of the University of Cyprus and holds a Master's degree in Environmental and Energy Engineering from the University of Sheffield. At the beginning of his career (2014), He worked in Cyprus Energy Agency. He was responsible for energy management, renewable energy and energy action plans.

He has experience in preparing energy and sectoral studies and providing advice for the implementation of actions to promote Renewable Energy, rational use of energy, energy saving, energy efficiency and sustainable transport as well as to promote information and awareness campaigns.

During his professional career he participated in co-funded European projects as a special expert. He also participated in specialized training seminars in the field of energy and sustainability, such as "Energy Expert for issuing of Energy Performance Certificates", "Energy Auditor" for the categories of buildings, industry and transport, "Energy Managers", "Circular Economy", " Verification of Greenhouse Gas Emissions'.

He joined the workforce of OEB in November 2016, as Officer of Energy & Environment Division. From January 2023 he was promoted to Senior Officer of the Energy and Environment Department of OEB.
